Ying Yang  
12" Finished Block

Please note: When printing out any templates be sure to set your size at 100% and the page scaling should be set to none or your templates will not print out the correct size!! Please measure the square given with the templates to insure accuracy of size!!

- Print out the templates given below, I print mine out on card stock to make them sturdy.
- Cut out your pieces
- Lay out your block like it's going to look when finished
- Using a ¼" seam allowance sew together and always press towards the dark fabric.
- Your block should measure 8 ½" unfinished when block is sewn together
- Watch your seams and try not to stretch as this is cut on the bias and will stretch easily!!

Cut 2  
White

Reverse and  
cut 2 Black

This block will  
measure one  
inch when  
templates are  
printed out the  
correct size.
